

Abbott is a global healthcare leader that helps people live more fully at all stages of life. Our portfolio of life-changing technologies spans the spectrum of healthcare, with leading businesses and products in diagnostics, medical devices, nutritionals and branded generic medicines. Our 109,000 colleagues serve people in more than 160 countries.

In Germany, Abbott has more than 3,000 employees working in manufacturing, research and development, logistics, sales and marketing. They are located at Abbott's German headquarters in Wiesbaden and its sites in Hanover, Neustadt am Rübenberge, Wetzlar, Eschborn, Witten, Cologne and Jena. Abbott Automation Solutions in Hamburg (formerly GLP Systems) is now Abbott.

Abbott Diabetes Care (ADC) is looking for a

MANAGER HEALTH ECONOMICS AND OUTCOMES RESEARCH (HEOR) (M/ F/ D) based in Wiesbaden, Germany.

MAIN RESPONSIBILITIES:

- Collaborate within the Market Access Team and other functional areas (across Germany and HQ) and provide key Health Economics and Outcomes Research (HEOR) into Abbott's initiatives
- Formulate the unmet need and requirements that access stakeholders (e.g., payers, hospital administrators, KVs and patients) with respect to Abbott's digital solutions for diabetes patients
- Development of messages and tools to communicate value of Abbott's solutions to market access stakeholders through use of information such as competitive clinical data, economic data and real-world evidence (RWE)
- Define payer and HTA relevant evidence requirements to achieve access as well as identify opportunities (e.g. for primary care physicians) to collaborate with these organizations to understand and contribute to mechanisms of finance/purchasing/reimbursement by SHI

QUALIFICATION:

- Advanced academic degree in business, economics, healthcare or technology field
- First working experience in Pharmaceutical or Biotech Industry
- HEOR experience in healthcare, including digital health projects or products is a plus
- Ability to effectively work and communicate across functions and levels

- Analytical competencies to structure complex issues, synthesize key points and communicate and present in an easy to understand manner
- Strategic thinking, organization and planning skills
- Fluent in German and English
