# Postdoc - Health Economics (m/f/d)

wanted for the **next possible date** at the **Heidelberg Institute of Global Health** for the **Section for Oral Health**.

The Institute of Global Health at Heidelberg University, Germany's oldest university and a leading hub for health-related research in Europe, is looking for an outstanding postdoctoral research fellow in health economics. Through research and teaching, the Section for Oral Health aims to contribute to optimizing oral health as an integral part of overall wellbeing. The postdoc is expected to strengthen our economic expertise and be engaged in research projects with academic partners and public health organisations such as the World Health Organization. Our areas of interest include (but are not limited to):

- Measurement and valuation of oral health outcomes
- Economic evaluation of oral health interventions
- Causal effects of provider and consumer incentives
- Needs-based planning for the oral health workforce
- Evidence-informed oral health policymaking

**Job-ID:** V000012346

**Field of application:** Heidelberg Institute of Global Health

**Location:** Heidelberg

**Start date:** as of now

**Job Category:** Science and teaching

**Working hours:** full-time

**Published:** 30.01.2024

**Limitation:** Temporary (24 months, extension is sought)

**Contract:** TV-L

## Your Tasks

- Lead and carry out health economic research
- Publish in high-impact peer-review journals
- Contribute to the development of new research projects
- Contribute to the acquisition of third-party funding
- Contribute to teaching activities, e.g. supervision of doctoral and master students

## Your Profil

- You have a doctoral degree in health economics or a related field

- You have strong quantitative expertise and strong coding skills in R, Stata, Python, or other statistical software packages. Training and experience in quasi-experimental methods is a plus
- You have a good track-record in scientific research as evidenced by publications in international academic journals
- You have good communication skills in English; good communication skills in German are a plus
- You have good social, communication and organisational skills. You are a team player

## **we offer**

- Collectively agreed remuneration, attractive company pension scheme (VBL)
- 30 days vacation
- Sustainable travel: job ticket
- Family-friendly working environment: cooperative arrangements for childcare, subsidy for child vacation care, advice for employees with relatives in need of care
- Wide range of health, prevention and sports offers
- Goal-oriented, individual training and development opportunities
- Possibility of mobile working
- Flexible working hours within the framework of flexitime
- Regular team meetings
