

Senior Health Economist (HTA and Market Access)

Location: Primrose Hill, London, UK

Type: Permanent, office-based

Salary: On application, competitive and commensurate with experience

About PHMR

Established in 2007, we are a rapidly growing and energetic consultancy – a diverse group of professional scientists, health economists and industry specialists with a proven track record in providing global market access solutions to some of the biggest healthcare industries so that patients get access to medicines. Patients get access to medicines as a result of our work. Our science is internationally renowned, and we are proud of our work.

- We apply robust scientific approaches and methodologies. Quality science comes first.
- We combine the expertise of our team together with a worldwide professional network.
- We continuously learn and improve.
- 90% of our projects are repeat or referral from our existing customers.
- The majority of our team are educated to PhD level.
- We embrace diversity in all its forms.

Purpose of the role: to project manage and/or lead HTA submissions and the development of evidence packages to support reimbursement

Requirements / performance dimensions:
